

MULTI SPECTRUM
PROPERTY

ANNEXURE B

FINISHES AND SPECIFICATIONS

IMPORTANT: Please note:

The materials specified in this schedule are subject to availability. Should the specified materials be unavailable at the time required, the Developer may choose the nearest similar available alternative at its sole discretion. Should there be an instance where this schedule is in conflict with the Plans, then this finishing schedule will take precedence over the Plans. The pictures depicted below are for visual purposes only to give an idea of the finished product. **An additional administration cost of R1000 (One thousand rand) for any alteration or addition to these specifications and/ or the building works will incur this cost, irrespective of the nature thereof.**

A. PREPARATION FOR OCCUPATION

1. RUBBLE: The property will be cleared of all visible building rubble.
2. GRADIENT: The natural gradient of the property will remain as it is.
